

What is LawConnect?

LawConnect is a Document Management System developed to help you keep control of your personal and matter related legal documents.

With LawConnect:

- your lawyer can share documents with you
- you can upload important documents.

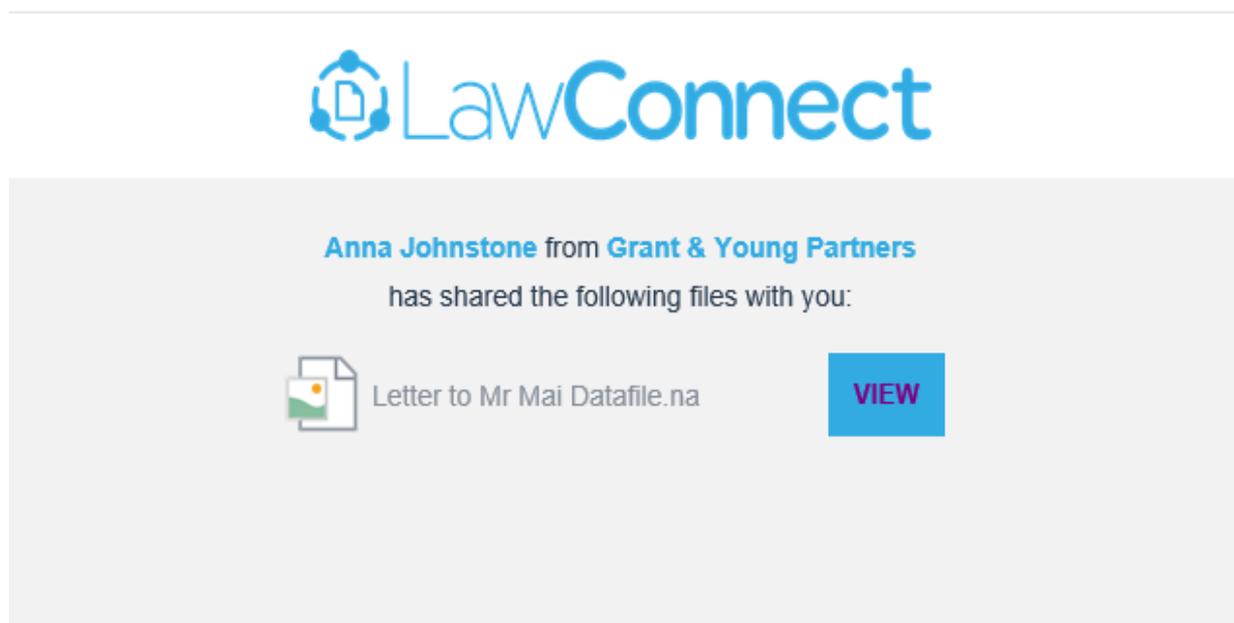

LawConnect is free for you to use. All documents within LawConnect are organised into the matter that they relate to, making it easy for you to organise and find documents.

You can also upload your own documents for safekeeping, such as insurance policies, drivers licences, copies of your will.

LawConnect can be accessed from anywhere in the world using your Facebook, LinkedIn or Google+ login.
